ALLIED SUPREME COUNCIL AGAIN ASKS UNITED STATES TO ATTEND CONFERENCES

**French Troops Have Been Called to the Colors
And Are Ready to Dash Into German Terri-
tory.. French Premier Makes Emphatic Declara-
tion and British and Italian Officials Yield to
Mobilization Plan**

Berlin, Germany, May 3, 12:50 P. M.—The United States answer to German's last reparation proposals was delivered here today.

By ED. L. KING, United Press Correspondent.
London, Eng., 5:30 P. M.—The Allied Supreme Council, in session here today, approved a draft of a message to the United States inviting participation in the meetings of the Council reparations committee and conferences of Allied Ambassadors.

It was learned from authoritative sources today that the last official connection the United States had in Europe in settling war problems was broken off on February 19th of this year, when R. W. Boyden was recalled as a member of the reparations committee. Since that time several requests have been addressed to America urging participation in various conferences, all being declined, the last one being that in Italy to settle the Austrian war problems.

Paris—Premier Briand won British consent to military action against Germany only after sharp challenging, according to reports today from the Supreme Council. Prime Minister Lloyd George yielded to the French plan of mobilization of troops pending Germany's answer to the last ultimatum only when Premier Briand declared the order would be given whether the British consented or not.

Mr. Lloyd George and the Italian representative hesitated a moment at this statement and then nodded an enthusiastic assent. However, it is believed Great Britain will support any military movement started by the French government.

PARIS, France, May 3.—French troops swept toward the Rhine today, the fever of 1914 again reawakened. Soldiers gathered everywhere, awaiting transportation into German territory under the new mobilization order, ready for a quick dash into the valley of the Ruhr.

The class of 1918, comprised of 1,000,000 men, has been inducted into the service. The only province which have not been called upon to contribute their quota of fighting men, are the devastated regions.

A force of engineers formed today at Mayence, with a division of cavalry ready to meet them at Düsseldorf and escort them into the valley of the Ruhr.

LONDON, England, May 3.—The Supreme Council of the Allies met in session at 11:00 this morning to consider the final ultimatum to Germany. The British believe that Germany will yield at the last to the reparations demands. Failing that all express hopes the United States will intervene as a mediator, and thus bring negotiations to an end.

Premier Briand, of France, still clung to his hope that the Allies would support in full his planned invasion of German soil. By telephoning last night he ordered the minister of war to call the class of 1918, and also received reports of the total number of soldiers mobilized.

Minister Briand appeared greatly agitated over reports from France which said his people had been greatly disappointed in his yielding to Prime Minister Lloyd George in delaying the invasion until further note-sending was accomplished. He hopes to return to Paris tonight to assume full charge and control of the military situation, before being recalled before the Chamber of Deputies for an explanation.

By RAY CLAPPER
WASHINGTON, D. C., May 3.—Germany will be forced to yield completely to the Allies' demands for reparation, and probably be compelled to pay as a subject nation, it was believed here today, as a result of Secretary of State Hughes' action withdrawing the United States from an active participation in reparation questions.

As Marshal Foch is preparing to send the French armies into the rich Ruhr region, in the event that Germany again refuses to yield to reparation demands, the Supreme Council of the Allies is making ready to send a final ultimatum to Berlin, demanding 132 billion gold marks as payment and a 30 per cent tax on all exports from that country. Secretary Hughes' latest note to the Germans will be delivered today to the German Foreign Minister Walter Simons.

Championship Stadium Started

Tex Rickard, promoter of the Dempsey-Carpenter championship bout, turned the first "spade" of dirt as work on the big amphitheater at Boyle's Thirty Acres, Jersey City, was started. It is such a big job—providing seats for upwards of 50,000 spectators—that a horse drawn "spade" was used, as the picture shows.

TAX PROBLEMS TO REMAIN UNSETTLED WHILE TARIFF IS BEING CONSIDERED

By Clarence Dutose, United Press Correspondent.
Washington, May 3.—Business men will not know until the latter part of 1921 what their federal taxes for 1921 will be, although this uncertainty is one of the facts causing the general business depression, Secretary Miller, of the Treasury, announced today.

With Congress adhering strictly to its "Tariff First" program, with no revision to follow, Representative Longworth, of Ohio, Republican leader, who led the fight to reform taxes first in order to stabilize business admitted today he had lost

STRIKE COST COUNTRY FIVE MILLION A DAY

Labor Department Officials Working Day and Night to Settle Differences.

WASHINGTON, D. C., May 3.—Strikes and lockouts throughout the country now in effect cost the working people one million dollars in daily wages lost, it is estimated on the face of reports received by the Labor Department, including 100,000 men and women unwilling to go to work pending the regular May negotiations with their employers over a new wage scale. The employers' loss is placed at four times that of the workers.

Secretary Davis and twenty mediators on duty in the bigger cities, are working day and night in an effort to save industries \$5,000,000 a day. This stake is keeping Secretary Davis at his desk until after midnight every night, as he is faced by three major strikes.

Secretary Davis is holding conferences daily with the marine engineers and seamen who quit work last Saturday. After yesterday afternoon's conference the Secretary said he expected to report on the matter later.

Regarding the strike of printers in fifty cities, and the paper mill workers' walk-out, while Secretary Davis has not yet been asked in these instances to mediate, he is keeping informed hourly of the situation in order to be ready to act should the request for arbitration be received.

COURT NOTES

Alice F. Sickenberger, by her attorney J. A. Gleason, began divorce proceedings against Donald Sickenberger. Their married life extended from June 27, 1921 to January 6, 1920. Cruelties and indignities are the reasons alleged for the divorce action.

INDEPENDENTS WIN PENNANT IN "Y" BOWLING LEAGUE

Take Closing Games From Business Men's Squad and Finish Season in First Place

The Independent bowling team, by taking two out of three contests from the Business Men's team in the play-off for honors, won the pennant in the "Y" League for the season. The Independents lost the first contest and then came back strong and won the next two, finishing out the series 250 pins ahead of their opponents.

The winning team consists of the following: H. M. Roseberry, P. Ronald, Roseberry and William Bent with N. Durst as utility man in one of the games.

The runner-up team consisted of Dr. Yeane, Leffler, Kreher and Woods. This team put up a wonderful fight all through and at no stage of the last contest except the closing frames of the third game, were the Independents so far ahead that they could not be beaten out. But, just as "Casey" struck out at a critical time, the Independents struck out and won the battle.

Of course the strikeouts have a different meaning in the two cases.

STATE TROPPERS MAKE 800 ARRESTS DURING MARCH

Stolen Property Recovered Totals Almost \$100,000 During the Past Month.

Harrisburg, Pa. May 3.—Troopers of the Pennsylvania State Police arrested more than 800 persons for various offenses during March, and recovered stolen property worth \$91,432.44, according to a statement issued by Major Lynn G. Adams, the Superintendent. Last month the Police made 142 more arrests than during February, and the stolen property recovered in March surpassed the figures for February by almost \$57,000.

The Lancaster Troop made 217 arrests last month, leading the other four troops by a wide margin. Pottsville troopers collected stolen property valued at \$65,000 and the five Troops in the State recovered stolen motor cars worth about \$25,000.

UNION OFFICIAL PREDICTS THE END OF THE BIG PRINTER'S STRIKE

Indianapolis, Ind., May 3.—John McParland, president of the International Typographers Union predicted today that the nation-wide strike of printers would end in the employers granting concessions for a 44 hour week demanded by the men. Only 2000 of the 38,000 membership of the organization are now on strike, he said, the employers having met demands in other cases. The employers of the 2000 are expected to give way and the walk-outs end within a few days. According to telegrams received at union headquarters only commercial print shops were seriously effected, except where newspapers maintain job shops.

HENRY FORD WILL NOT TRY TO KEEP NEWBERRY FROM SEAT IN SENATE

Washington, D. C. May 3.—No effort will be made by Henry Ford to prevent Truman Newberry from taking his seat in the Senate, but Mr. Ford will insist that the Senate committee continue their investigation into the matter, Alfred Lucking, of Detroit, chief attorney of the automobile manufacturer said here today:

"I have no comment to make on the Newberry decision" he said, referring to the Supreme court decision freeing Senator Newberry and 16 others convicted by the Michigan District Court on charges of having "bought" the Senatorial election in Michigan in 1918. "It doesn't effect Mr. Ford's contest before the Senate subcommittee for the reason that he had no control or part in the criminal proceedings" he said, holding that Ford had the right to present his own evidence and stood ready to prove it.

Newberry and 16 others were freed by the Supreme court on technical grounds. Lucking pointed out they were tried on a federal charge, and that a state statute still remained which would be available for prosecution.

COUNCILMEN DELIBERATE MONDAY NIGHT ON STREET GRADE AND WIDTH PROBLEMS

MUSICAL CLUB HOLDS FINAL CONCERT MONDAY

Election of Clearfield Musical Club Officers To Be Staged May 16.

Last night at the College of Music Auditorium, the final concert of the season was given by the Clearfield Musical Club.

Clearfield's best talent being available for this concert made it possible for an event that should linger long in the memories of Clearfield music lovers.

Under the efficient guidance of Mrs. Della Gallagher, the Club Chorus presented a program of truly artistic merit.

Thorough musicianship was the keynote throughout the program.

Mrs. Henry Rhine, at the piano, played the accompaniments in a very sympathetic manner.

Two piano solos masterfully played by Miss Anna Martha Way, completed the evening's program.

At the close of the concert, the delegate to the state convention of the National Federation of Music Clubs, held in Pittsburgh, Mrs. C. W. Schaefer, gave her report.

One of the pleasant surprises was the announcement of the election of Mrs. E. Russell Williams as State Treasurer of the National Federation of the Musical Clubs of Pennsylvania.

On May 16th, the club holds its final meeting of the season, which will be devoted to the election of officers.

LOCAL SCRAPPER PUT TO SLEEP BY DUBOIS MAN

Clearfield fight fans returned home from DuBois this morning very enthusiastic over the quality of entertainment furnished by the Columbia Athletic Club show last evening. They report several good bouts.

"Wild Bill" Phelan, the local scrapper, stacked up against "Yankee Shultz," the DuBois "knock 'em stiff," and was quickly "tamed" by the big town battler. Bill hopped into the ring in fine fettle, but 3 seconds later was removed as baggage. Yankee never allowed Bill to start. He beat a tattoo on his jaw that put Bill down for "a five," and when he arose another fusillade stretched our entry on the canvas and it was the "cuckoos" for little Willie.

When Bill got back to earth he said he thought he saw Yankee, his pap, his grandpap, and a long line of ancestors back in Poland whacking away at him, and they were all landing, too.

STOCK MARKET

PIERCE—HORNER

Roy N. Pierce and Miss Laura E. Horner, popular DuBois young people, were married by Rev. Dr. E. C. Reeve at the Presbyterian manse Saturday morning at 9:30 o'clock.

May Be Necessary To Enjoin Prop. Owners on West Front Street

ORDINANCE UP TO PAVE SO. 4th ST.

Sewerage Measures Discussed by Councilmen.. Police Report For April.

The regular meeting of Council at the Borough Building last evening was entirely devoid of thrills and resolved itself into one of the usual business sessions where the different problems were taken up and thrashed out without friction or heat of any kind. President Fletcher presided, Mayor Chase was his accustomed position and the following members also assisted in the deliberations: Messrs. Rollin, Chaplin, McNeelin, Jay, McCloskey, Lucas, Rosser and Gilliland.

Borough Engineer Hess reported on sidewalk lines and grades in the different sections of the borough and also marked the progress of the paving jobs. He reported some difficulty in the determination of the lines of the borough at the end of 4th avenue, and asked that Council make some corrections at that point.

Burgess Chase reported eleven arrests during the month of April, with the collection of \$53.50 in fines and \$106 in licenses for the month. Borough Solicitor Urey reported on permits for the right of way for south Fourth street, called for through Kurtz property and under R. R. and N. Y. C. tracks. He said question of line and width of West Front street was up again and referred to action of previous Council in regard to restraining of property owners from building out over street line. He said it would be necessary to take out an injunction to stop the building by Hiram Schiefer at that point. The Solicitor was directed to go ahead and have the street line finally determined.

An Ordinance providing for the paving of South Fourth street with enforced concrete was presented and was read to Council for the first time. Notice of the intent of Council to pave said street will be published for a matter of two weeks, and the Ordinance will be called up for passage at the meeting on June 6th.

Samuel Walborn was present and complained about the width and condition of the sidewalks on Spruce street. His complaint was referred to the Highway Commissioner, as was the question of a sidewalk grade on East Locust street to Cemetery Road.

Chairman McCloskey of the Sewer Committee asked permission of Council to replace the temporary dam in the river at the New York Central station, as a sanitary measure for the summer. He estimated the cost of such improvement at about \$120 and the permission was given.

Complaint was made regarding the house sewers connected into Orr's Run and the matter was referred to Secretary Gaultin of the Health Board, for report at next meeting.

FILM CODE MODIFICATION AGREED UPON

HARRISBURG, Pa., May 3.—Modification of the proposed State Motion Picture Code, regarding the exhibition of films for charitable, religious and educational purposes throughout the state, was agreed to here today, Secretary Connelly, of the Department of Labor and Industry announced here today. Provisions of the code eliminated include those relative to religious, charitable and educational admission charges, and the restriction of the number of days per week exhibitions are allowed.

THE GRANARY

A Column of News and Timely Topics for the Man Who Feeds the World

EXECUTIVE COMMITTEE OF FARM BUREAU TO MEET

Tuesday afternoon at 1:30 p. m. the executive committee of the Clearfield County Farm Bureau will meet at Farm Bureau headquarters.

The session is for the purpose of lining up the poultry improvement throughout the county.

PINE GROVE MEETING

Tuesday evening there will be a community meeting at Pine Grove, to be held at the residence of W. C. Cowdick. The program recently

adopted by the Pine Grove branch of the Farm Bureau includes poultry culling demonstrations, orchard pruning demonstrations and a "better sire" campaign.

At the Tuesday night meeting the principal subject of discussion will be "Curb Marketing."

FARM BUREAU AIDS IN SECURING SEED POTATOES

Through the efforts of W. C. Sterrett, of the Clearfield County Farm Bureau, over 400 bushels of seed potatoes, tested and immune from attack by "potato wart" have been received and sold in this vicinity.

Standard Containers

(National Crop Improvement Service.)

ONE of the reasons why the shipping of farm produce of a perishable nature has been unprofitable is because the packing has not been standardized. All co-operative associations are giving this matter a great deal of attention and the containers are now made in standard sizes and held together with electric welded or twisted wire hoops of standard size.

"Barrels and hampers made in this manner are generally known as 'black cooperage,'" says Mr. Frank Hastings, Vice President, American Steel & Wire

Company, "and the government now requires them to be made in regular sizes of measured capacity."

"In slack barrels are shipped flour, sugar, potatoes, apples, fish, lime, cement, salt, etc. Hampers are made for fruits and vegetables and kegs in which to ship nails, bolts and nuts, horse and mule shoes, etc."

"Gradually the commission trade is standardizing sizes and capacities instead of receiving perishable products as of old in all sorts of higgledy-piggledy packages."

WHY, TAKING

BEECHAM'S PILLS

Make Your Kitchen Work A Delight

When you have this modern convenience in your kitchen you will wonder how you ever got along without it. For it will enable you to do your work easier and in less time.

Kitchen work is as important as office work. And there is no more reason why woman should be content with old fashioned methods in the kitchen than why men should do without modern office appliances, improved farm implements or factory equipment. Watch our ad in Wednesday evening's paper.

Knepp's Furniture Store

One's Duty to Preserve Health.
Health is not a personal matter, but the responsibility for keeping well is in large part personal. The man who is determined to keep well for the sake of his own welfare must not put the burden of responsibility upon public health agencies. He must attend to it himself, guided and helped by such agencies as are available. There is nothing selfish in keeping oneself physically fit. It is a form of altruism.

Simplicity.
The art of art, the glory of expression and the sunshine of the light of letters, is simplicity.—Walt Whitman

When Baby has the Colic, and the poor little sufferer cries out with agony in Mother's arms and refuses to be quiet,

DR. HAND'S Colic Remedy

will quickly soothe the pain and bring relief and rest. The wise mother has a bottle in the house always ready for emergencies.

What a Mother says:—

"Our three month old baby had the Colic so bad we had to walk the floor with him all the time. We tried everything we could think of. Nothing seemed to do him any good until we tried your Colic Remedy, and in five minutes he went to sleep. I know it gave results to my baby and will recommend it to any mother."

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoceticacidester of Salicylicacid.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Francis Thompson, born and reared in this burg, now a resident of Clearfield, was a Curwensville visitor yesterday.

Mr. Garrison was in town from the ridges yesterday and informed us that the new coal mines opened under his land, were now ready for working and that a long stretch of tramway was also completed. Mr. Garrison did not dispose of all of his coal rights, but retained a rather nice slice of acreage for future speculation.

We have interviewed a good many of the farmers living between Curwensville and Luthersburg lately, and gleaned the information that fall grain was not injured to any extent during the open winter, but is growing finely. Some farmers took time by the forelock and drilled in the oats during that warm week of weather in April. That crop is also coming up nicely and promises fair returns. Farm work generally has been somewhat retarded by the cold, rainy weather lately.

Frank Hastings, plumber, etc., is a firm believer in placing his advertisement where it will do him the most good. Watch for and read what he has to say in his ad at the foot of Curwensville letter.

The Shope store at Lumber City has been closed, as has also the meat market connected with the there. The store is being conducted by Receiver Moore, and we are informed that it will also close its doors some day during the week.

The American Legion ball team expect to go to Clearfield on Wednesday for a game. They play Falls Creek on the home grounds this afternoon, weather permitting.

Members of the Alumni Association are hereby notified that there will be a meeting of that organization held on Wednesday evening, May 4th, at 8 o'clock, at the High School Building. All members of the association are earnestly requested to be present that can possibly attend.

Work on the State Highway, both at Wright's and at Hogback, is being pushed rapidly forward and should be completed within the next sixty days at least. It promises to be a great driveway between Clearfield and Curwensville, and the back road, which is good in dry weather, can then be termed "The Lovers' Retreat" and billing and cooing can go on along that line without a great deal of interruption by motorists who want to make quick time on the State Highway.

Mrs. John M. Webb died at her home on Filbert street on Saturday morning at 7:15 o'clock. She was a consistent member of the Bethel A. M. E. church. She was well known for her kindness and generosity and loved by all who knew her. The deceased was born at Mercersburg, Pa., August, 1868, making her 53 years of age. Her maiden name was Miss Elizabeth Reidout. She was married to John Webb in August, 1889. To this union were born seven children, four of whom are deceased. She leaves to mourn her death a loving husband and three children, namely: Paul, Miss Emunna and Theodore. Four sisters and four brothers also survive her. She was the last acting most noble governess at the Rose of Sharon household of Ruth.

Teamwork.
The man at the top should know his men all down the line. Meeting them inspires them and inspires him. They do their work for the knowledge that they are under the close observation of their superior, and he does his work better for familiarizing himself with details, and keeping in touch with all the latest requirements.—Washington Star.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

Chamberlain's Tablets

SEALED PROPOSALS

The Trustees of Heimburnia Methodist Episcopal Church, situated in Penn township, Clearfield county, about one mile south of Grampian station, desire bids on the following repairs: to wit:

The removal of two foundation walls on the north and south sides of the church respectively, each forty feet, six inches long, seven feet high and one foot thick. (Circular)

The building of two foundation walls to replace the above, of concrete, the proportions of which shall be cement one part, and two parts, crushed limestone three parts, according to concrete construction practice, walls 40 feet, 6 inches long, 7 feet high and one foot thick, with projecting collar. Four ventilating gratings shall be inserted two on each side respectively. One of which shall be usable as a coal window.

The brick casing of the south side of the church, forty feet, six inches long, twelve feet high to be removed; the bricks to be cleaned and relaid in time and cement; regular casing hooks to be used to fasten same to frame structure. The side walls of brick structure to be forced back into line a distance of about six inches. The interior and exterior finish of the building to be left in as good condition as at present.

The building can be viewed any time. All proposals must be in the hands of the secretary not later than noon of Saturday, May 7, 1921. Include terms of payment and forfeiture. Address: EDWIN A. SPENCER, Secretary. 4:25-5:45p Grampian, Pa.

St. Agnes Guild will meet at the residence of Mr. and Mrs. Van Valzah at eight o'clock.

Wednesday evening prayer services and address tomorrow evening at 7:30. Choir rehearsal at 8 p. m. Thursday being Ascension Day, there will be a celebration of the Holy Communion at 10 o'clock.

Europe Short of Bottles.

There is a scarcity of bottles in Europe with the result that the demand for second-hand bottles is unprecedented. In the pre-war days the empty "bubbly" bottle was a drug on the market. The rag-and-bone merchant would give small sums for whisky, port, sherry, burgundy and claret bottles, but the champagne bottle was on the black list. Today it is the king of the empty bottle trade.

Splendid Slumber Inducer.

Jud Tunkins says that whenever anybody starts to explain the fourth dimension to him he closes his eyes so that nothing can distract his attention. In that way he manages to steal a few minutes' sleep.

Mrs. WILLIMAN TESTIFIES

Declares Lydia E. Pinkham's Vegetable Compound to Be the Best Medicine for Girls and Women

Hamilton, Ohio. "I had such awful pains in my back I could hardly stand on my feet and I was never without a headache. If I walked I would drop and many a time I felt so bad I had to go to bed and I was not able to do much of my housework. I would have hemorrhages every two weeks and dragging down pains. I had been feeling badly for three years and had two of the best doctors in the city, but I kept getting worse and only weighed 125 pounds. I saw your advertisement and I took eight boxes of Lydia E. Pinkham's Vegetable Compound Tablets, four bottles Lydia E. Pinkham's Blood Medicine and your Liver Pills and noticed an improvement right away. Now I weigh 188 pounds and feel fine. Everybody tells me how well I look and asks me what I took and I always say, 'Lydia E. Pinkham's Vegetable Compound, the best medicine in the world for any sickness to which girls and women are subject.' I will always have a good word for your medicine and you may use my name whenever you wish." —Mrs. JOSEPH WILLIMAN, 722 South 9th Street, Hamilton, Ohio.

ODDS AND ENDS AND THINGS

"By Skinny"

We hear a great deal these days about patronizing home town merchants and home town industries, yet have been informed that the most worthy industry of this community could market much more of its output than it does, if only one or two mercantile concerns would take it upon themselves to handle the goods made, instead of buying inferior stuff from out-of-town manufacturers. We refer to George Beers, the blind broom maker of Weaver street. This gentleman, handicapped by the loss of his eyesight after he had reached man's estate, optimistically faced the future by taking up the manufacturing of brooms by hand. He persevered and soon was able to turn out a fine grade of broom and by tireless energy earned enough money to not only rear his little family, but bought his own home and laid by a little for the proverbial "rainy day."

His product is the equal of anything on the market in the broom line and Clearfield stores should handle his goods. A man like Geo. Beers is entitled to the patronage of his neighbors, and this is not written as an advertisement, at that.

"Run running" certainly is a remunerative pastime when one of the topnotchers at the game hereabouts, as those on the inside say he did, has cleaned up more than \$100,000 in cold cash within the past year.

But speaking of "run running" reminds us of a good story on an up-country Clearfield county Justice of the Peace. Early in the game when truck load after truck load was being hustled through this section, a consignment was contracted for in the town wherein our "Squire" friend lives. The minion of the law was tipped off as to the time of arrival and a couple of friends were "planted" along the route, as per Friday morning's cleanup, and when the traveling bootlegger came along in the night, the pseudo officers pounced upon the poor devil and held him up. He was hailed forthwith before the "Squire" and offered anything to settle. He said he had no money and offered three cases of his liquor, which he valued at \$100 per case.

After due and proper deliberation the "Squire" accepted the offer and had the bootlegger drive up to his house and slip the liquor into the judicial cellar. The "Squire" and his friends then proceeded to "likker up" and soon an overbubulous one gave the snap away. The bootlegger completed his delivery that night and put his truck up at a public garage. He heard the story finally and the next morning while the "Squire" was sleeping off his jag, the liquor peddler drove up to his house and informed the Mrs. that he had come to get "those boxes" he had put in the cellar the night before. The good wife opened the cellar and told him to go to it and the three cases minus a few bottles were loaded on the truck, and when the "Squire" and his friends awoke from their sleep the peddler and his liquor were miles away.

ONE OF THOSE OLD BANDS. The members of the Clearfield Orphans' Band turned out in full force last Friday evening and serenaded Banks Holmes and his bride. The boys were furnished with a good supper and were handsomely entertained at his residence in Porter's Row on Fourth street. Banks is a member of the organization, officiating in the capacity of Steward and general helper. The boys belonging to the band presented Mr. and Mrs. Holmes with a beautiful silver casket as a token of their respect and esteem. Banks received the present in an appropriate and pleasing speech. From The Clearfield sleep the peddler and his liquor were miles away.

MANY FRIENDS ATTEND G. A. ROUTH FUNERAL. Among the many friends of the late G. A. Routh who attended the funeral were:

Robert Dillen and son of Carrolltown; Mrs. Sam Weiland and two children, of Patton; Mrs. Nicholas Airhart, of Altoona. Melvin Routh and his sister Alice Roach, of Hastings, and Mrs. Susan Wilhelm, wife of ex-Commissioner Wilhelm, were numbered among the relatives attending the funeral.

ITCHING ECZEMA

DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even itchy, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream.

Right Diet Means Much. Emerson said: "Give me health and a day and I will make the pomp of emperors ridiculous." Right habits of eating do a lot toward supplying health.

What Relation is Bureau? "The whole Crat family," postcards Ted, "consists of Auto, Aristo, Pluto and Demo—the last being the most truly American and the best mixer."—Boston Transcript.

Then He's Not Interesting. It is not hard to arouse a man's interest by telling him it's his move, unless you indicate that he must move toward the cornfield or the iron works.—Houston Post.

DEPENDS ON THE P. S. C.

While there was not so much commotion about the repeal of the full crew law as there was about the passage of that law several years ago it cannot be taken as an indication that the rail workers are any less interested in it.

The repealer, most all will agree, is an equitable measure and in complete accord with the general movement toward the elimination of wasteful practices in the carrying on of business and commerce.

Just as readily all will agree that there is simple justice in the provision made whereby the Public Service Commission is to have authority to set the size of crews where necessary the public will join with the rail workers in insisting that complaints carried to the Public Service Commission be promptly investigated and a decision made.

Rail workers have a right to expect that this law will give them full protection and will be in no mood to wait for months for decision. The success of the law depends entirely on the speed with which the P. S. C. handles the cases. Its record for speed is not commendable but it may find a way to act on full crew cases with greater dispatch. Let us hope so.

DON'T KILL THE GOOSE THAT LAYS THE GOLDEN EGGS

It's Time To Wake Up

By D. M. Brickner, President of the Menter Co., New York. What gaineth a man if he barrel of flour he needs sells for Two Dollars and he has only thirty cents to his name.

And is looking for a job and can't find one. The people of this country right now, today, are facing a situation that calls for common sense.

Let's forget about Psychology and Economics and read-justment and all other much-talked-of-things.

And use common sense. In every city, town and hamlet in the land people are telling each other what the country needs.

But you know and I know that what the people of the United States need most of all just now is Common Sense.

If you are a shoemaker and a furniture worker the weaver the hatter, the machinist, the miner—

And the producer of a hundred other commodities you buy during the year, stop buying the shoes you make.

And by so doing throw you out of work.

How are you going to get the money to buy the things they produce?

Today the country is in good shape—the troubles exist mostly in the minds of the people.

But if we do not wake up now and start to do more buying, it won't be long before our troubles will be real.

Nations, like individuals, can make themselves sick by worrying when there is no cause for worry.

An ounce of prevention is worth a pound of cure and the way to prevent an industrial breakdown in the near future is to Buy what the other fellow produces and start doing it today.

The excuse of high prices has faded away.

The cut-price advertisements of reputable merchants fill the pages of the daily newspapers.

Read them today and buy tomorrow the things you have put off buying so long.

Keep this fact everlastingly before you.

If you don't buy what the other fellow produces he cannot buy what you produce.

And if buying slows up many thousands of people, not actual makers of the things we consume, will be thrown out of work.

Railroad men, for instance, and cartmen, clerks and book-keepers and people employed in a thousand different ways.

That's about all there is to the whole situation.

And all the Senators and Congressmen and Governors and commissioners can talk their heads off and can't change it.

Men and women of America, and especially you who are well able to buy, YOUR COUNTRY NEEDS YOU—needs the same patriotic endeavor that you gave so freely during the War.

If the non-buying condition continues to exist, idleness will continue to increase throughout the land.

Industry after industry will close, and want, poverty, soup houses and bread lines will naturally follow.

And if once our country gets into such a miserable situation it will take a long and weary time to get out of it.

There isn't a man or woman reading this message who cannot help to avert the troubles we are drifting into by supplying themselves with the things they need.

If you haven't the ready cash, use your credit.

Do something to help move the goods from the shelves of

the retailer who in many instances has cut prices to less than he actually paid for the goods.

Prices are down—read the advertisements, again—there is no excuse for further waiting.

Buy now from the retailer, so that he can order from the manufacturer and give him a chance to keep his workmen employed.

All can help—Don't say all this sounds good, but I'll just hang on to my money and let the other fellow spend his.

Buy now—Put your shoulder to the wheel, for Industry is but a big wheel.

And when it revolves easily and without strain, it grinds out prosperity, and prosperity means happiness, cheerful homes and contented families.

Contrary to the idea that seems to prevail in certain circles—

Merchants who sell on credit terms or partial payments do not urge people to go in debt for things they do not need.

Extravagance is not encouraged, but, on the other hand and especially at this particular time, credit merchants are doing much to help dispose of the surplus stocks of merchandise.

Because of their unbounded faith in the honesty of the people they are disposing of a great deal of merchandise that would otherwise remain unsold.

It's time to wake up—Buy now and buy all you can that prosperity may continue to reign in the land we love.

Forceful Letter of Rev. Damron Recommends Nerv-Worth Highly

Proctorville, Ohio, Minister's Letter, and her blood is as good as Tells Impressive Story of Benefits Received by Himself and Wife when she was a child, and she weighs more than she has for 20 years. I recommend Nerv-Worth as the greatest remedy that I have ever found. I cannot praise it as it deserves." The above is but one of

"My nerves were so racked that I could not sleep until after midnight, and I would almost jump out of bed," said Rev. Damron in a letter written sometime ago. "After of taking half a bottle of Nerv-Worth I could sleep almost as well as nothing further by the way of ex-when I was a boy. My wife had rheumatism in her hip joints so that she could not stoop down and rise up without help, and her system was run down and she was not able to do any work without great pain. After taking 2 bottles of Nerv-Worth, the rheumatism had disap-

peared, and her blood is as good as when she was a child, and she weighs more than she has for 20 years. I recommend Nerv-Worth as the greatest remedy that I have ever found. I cannot praise it as it deserves." The above is but one of

letters from many weighty statements from one of the ministry. Such statements of taking half a bottle of Nerv-Worth for the most conclusive proof, and I could sleep almost as well as nothing further by the way of ex-

planation need be added to them. Give Nerv-Worth a trial, and if your first bottle does not prove satisfactory, your money will be re-

turned. Be sure to get the genuine in the large round bottle. Nerv-Worth is sold and recommended by Stewart's Drug Store.

Cornell Panels are "Mill-Primed" so this wallboard takes paint perfectly

I'm expressing the sentiments of about all the good painters and carpenters I know when I recommend Cornell-Wood-Board for walls, ceilings and partitions in homes, garages, stores, offices, factories and farm buildings.

Cornell's exclusive "Oatmeal" finish is the handsomest effect you can get in a wallboard. The "Mill-Primed" surface needs no further priming and one coat of paint or calcimine is enough to produce a job that appears to be twice as expensive as it really is.

Folks prefer Cornell Panels instead of lath and plaster because Cornell doesn't crack or fall and costs much less.

Because every panel is "Triple-Sized" it gives your walls triple protection against moisture, expansion and contraction. At leading lumber yards.

BUSINESS AND TRADE

With Special Attention to Coal, Clay and Brick
Trade News of Local Interest

CLAYBURG PLANT REOPENS

After a temporary shut down due to the slump in the steel business, the brick plant of the Standard Refractories Co., at Clayburg, re-opened Monday morning. It is not planned to resume full capacity work at once, but the plant will go on a four day a week basis with the full force of 300 men, although only half of these will report for work each day. This will give each employee two full days each week.

The General Refractories Co., at Sproul has also expected to start Monday morning but sufficient orders were not received to justify resuming work.

GENERAL BUSINESS

CONDITIONS.

The general situation as to trade and industry has shown some further improvement during the past month, although the fundamental difficulty, which is the disruption of the price level between raw products and manufactured goods is yet far from overcome. According to government reports, the level of the principal farm products declined 3.6 per cent. in March is upward, and over the last ten years has averaged 3.4 per cent. On April 1 the index figure of farm products was 58.3 per cent lower than a year ago, 48.2 per cent lower than two years ago and 27.6 per cent lower than the average on April 1 of the past ten years.

PIG IRON PRODUCTION OFF

The Alexander Hamilton Institute, monthly bulletin summarizes the steel and railway situation as follows:

"As compared with a year ago, pig iron production has decreased over 50 per cent, the daily averages being scarcely 50,000 tons. Unfilled steel orders are scarcely more than six

million tons as compared with over ten million last Fall. Notwithstanding the increase of 25 to 40 per cent. in freight rates awarded last summer, the gross earnings of the railways are actually less than a year ago. The number of idle freight cars in the middle of April was over 500,000. Bank clearings showed a conspicuous decrease.

FINANCIAL CONDITIONS

The money market has developed signs of increasing ease during the past month. The position of the Federal reserve banks has notably improved and there are symptoms of a return of competitive conditions among the member banks. They are no longer quite so fully confined to taking care of the wants of their own customers. This is indicated by a greater movement of commercial paper and an easing of the rates. The rate is generally 7 1-2 per cent, with a few exceptional names offering at 7.

The rate on call money has been fluctuating between 6 and 7 per cent. The amount employed is comparatively small, and mainly from industrial corporations and out of town sources.

FORD PLANT NEARING NORMAL

Approximately 37000 men were at work in the Ford Motor Car Co. plant at Highland Park, near Detroit, Mich., the last week in April, according to the "Coal Age."

Hundreds more will be added daily until the full quota is reached, it is stated. Monday and Tuesday, April 18 and 19, six hundred men were added and 500 more went to work April 20. The plant is producing about 4,000 cars a day, this official said, and expects to reach the former high mark of 5,000 daily within a few weeks. More than 10,000 unfilled orders are on hand.

JINX FINALLY LANDS DAN BAILEY

Daniel Bailey, of Philipsburg, and a former well known Clearfielder, who is cashier of the new bank at Rossiter, had his leg broken in a peculiar manner in DuBois on Saturday afternoon last. Mr. Bailey had been injured when an automobile turned over and threw him into a creek last Monday, but had recovered sufficiently to be around without the use of a cane, although he was favoring an injured leg. On Saturday afternoon he was walking slowly out South Brady street in DuBois, when a man in a hurry, stepped out of the doorway of a building and collided with him. Mr. Bailey was knocked to the sidewalk and his leg was injured. He motored back to his home, where he consulted a physician who discovered that the leg was broken.

MARMON 34

Was \$5000

Next Year's Prices Now!

Not a new model. Not a lesser car. Not a single cheapening. Not one accessory removed. But the finest Marmon ever built!

The Marmon 34 henceforth will sell on the 1922 price basis. We give you now the revisions we will obtain eventually in raw materials and lowered manufacturing costs.

This \$3985 Marmon 34 is the identical \$5000 Marmon — not a new model, a lesser car. There is not the slightest compromise in quality. The entire difference is due to the times.

The \$3985 Marmon 34 is, in fact, the finest car we ever built. We've used the recent lull—never closing our factory—to make added refinements. The Marmon 34 has continued to sell as the foremost \$5000 car.

We have made this revision at the earliest opportunity—six months sooner than anticipation. We make one complete reduction, instead of several steps downward. Our new price is

MARMON 34 PRICES

	Now	Was
7-Passenger Touring	\$3985.00	\$5000.00
4-Passenger Touring		
Club Roadster		
Speedster	4185.00	5200.00
Coupe	4875.00	6150.00
Sedan	5275.00	6600.00
Limousine	5400.00	6800.00
Town Car	6400.00	6800.00

Revised prices effective May 2, 1921

All prices at Indianapolis and subject to war tax

based on the anticipated lowered production costs of the next 18 months.

The \$3985 Marmon 34 is complete—it includes all its extra equipment and accessories. Nothing has been removed. It is the finest car we ever built, a car that will give you constant pride of ownership.

Thus we fulfill our ambition to bring the Marmon 34 within the reach of thousands who have longed for a deluxe car. Now the lower price establishes the Marmon 34 unquestionably as America's foremost quality car.

The result of this reduction is certain—it will multiply Marmon sales many times over. The bare announcement of the new price is sufficient to attract thousands. So we recommend instant ordering.

CLEARFIELD AUTO SUPPLY CO.

16-18 Third Street.

Clearfield, Pa.

Millionaire Playmates.

Their Daddies may be rivals in the packing industry, but these youngsters, heirs to the Swift and Armour millions are the best of playmates. They were photographed while playing in Lincoln Park, Chicago. Left to right: Jane, Gustavus, Geraldine and Marie Swift, and P. D. Armour IV and his sister.

Severe but Effective.
The Miami Herald says that in some parts of Tibet they eat bride's mother at the wedding feast. That's certainly a severe but effective way of getting rid of the mother-in-law difficulty.

Paraffin Treatment for Burns.
The use of a few drops of paraffin is an English physician's first aid suggestion for treating burns. The application can be made from a paraffin candle held at a height of seven or eight inches, but care is to be taken to avoid forming a coating so thick as to be unbearably hot. A piece of gauze or linen is spread over this layer, with another coating of paraffin outside.

Hedgehog's Sleeping Suit.
The hedgehog, on going to sleep for the winter, first rolls about in leafy ditches, until his spines have speared leaves enough to make him a warm blanket. Then he finds a snug retreat in the roots of an old tree, curls up, and snoozes until spring.

Initials of Famed Pioneer.
The name "D. Boone" was discovered chiseled in a rock at the mouth of a cave in Lincoln county, West Virginia. As the forms of the letters correspond with those found in the rocks of Kentucky it is thought that the famed hunter at one time made an expedition into that section of the country.

BALL TEAM ASSURED FOR PHILIPSBURG

OSCEOLA CLUB ALSO EXPECTS TO PUT A GOOD TEAM IN THE FIELD THIS YEAR.

PHILIPSBURG, PA.—At the meeting of citizens interested in baseball, held Friday night at Phillipsburg, definite plans were made for placing a fast team in the field this season. It is expected the first game will be played on Decoration Day, and the opposing team will be Osceola.

The attendance at the meeting was good and the interest and enthusiasm most encouraging to the promoters. Harry Todd, elected chairman of the Phillipsburg Baseball Association at the previous meeting, presided, with James L. Adams serving as secretary. The general opinion was that if a good playing manager was obtained, with probably three other good, dependable players, the remainder of the team could be made up from local talent.

Task of securing a manager was placed in the hands of the Executive committee, of which Lawshe Baird is chairman, and which gained an additional member through the election at the meeting Friday night of James Nixon, an experienced baseball man. An effort will be made by the committee to secure Wilbur Roach as manager. Roach is not only an experienced and capable manager but a fast infielder and dependable batsman as well. He is well known in this region, and without doubt, would prove a drawing card.

Hon. H. B. Scott generously offered the association the use of his new ball park without any expense.

Osceola to Have Nine.
A delegation from Osceola attended the meeting and assured Phillipsburg Osceola intended to have a team in the field this season. Among these visitors was Mack Fallon, a former pitcher of the Osceola team. Mr. Fallon played away back in 1904 and 1905.

WELL KNOWN FORMER DUBOIS MAN DIES

Word was received in DuBois on Saturday afternoon that M. Lundergan, a former well known and highly respected citizen of DuBois, had died at his home in Chicago, Ill., at 11:20 o'clock in the morning. For many years Mr. Lundergan had been the agent for the B. R. & P. in DuBois and he was perhaps as well known as any resident of DuBois. He was known from one end of the B. R. & P. to the other and his death will be heard of with deep regret in all departments.

Up until about two years ago Mr. Lundergan and his family had resided in DuBois, and due to his long residence here, his death is one of sincere regret on the part of all local citizens.

Mr. Lundergan was a man of wholesome genialty and to know him was to be his friend. For over thirty-eight years he was a valued employee of the B. R. & P. road and in all quarters "Genial Matt" was looked upon as one of the very efficient employees.

Mr. Lundergan was born in August, 1858, at Cattaraugus, N. Y. On May 17, 1881, he was appointed joint agent for the B. R. & P. and Erie at Big Shanty. On August 1, 1884, he was made cashier at Bradford. On May 14, 1917, Mr. Lundergan was appointed ticket agent at DuBois, looking after both the ticket selling and the freight business. On April 15, 1916, he was relieved of the freight business, being appointed ticket and passenger agent. In 1917 Mr. Lundergan was placed on the pension list, completing a long and honorable career with the railroad company.

The funeral occurred in Chicago Monday morning at 9 o'clock.

Walter Lewis, a celebrated jazz with his parents at New Millport, pianist, is spending the week-end after a successful dance and concert season in New York, Pennsylvania and Ohio, with the Lyric Sextette. This orchestra expects to make a tour this way soon and no doubt will fill an engagement here.

Mrs. G. A. Stewart and daughter Eleanore, have returned from Pittsburgh, where they visited during the past week.

W. A. Mohney and D. D. Guppy left yesterday for Pittsburgh, where they were called to serve as Jurors in United States District Court.

Mrs. J. A. Rhone was called to Emporium on account of the death of her sister, Mrs. John T. Hertig.

Mrs. T. F. Barkey accompanied her. W. Hayes Sutton, who had been confined to his Pine street home by illness for the past two weeks, is now able to be about.

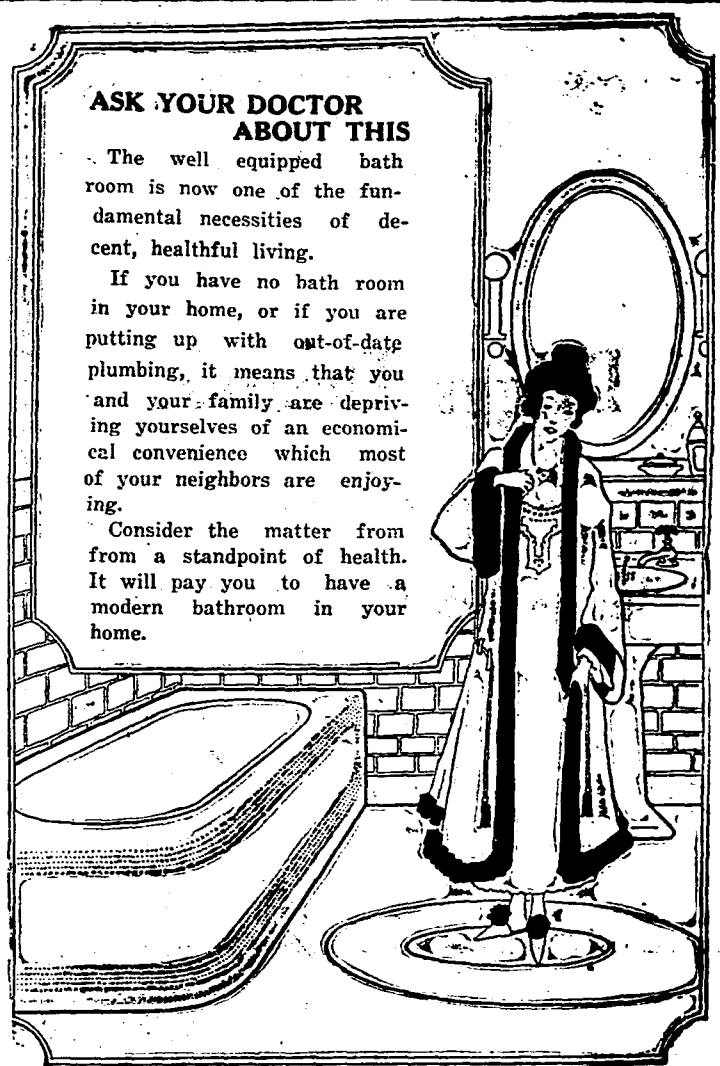

Misses Julia Sheridan and Della Cunningham, of Oil City, are guests at the home of Mrs. S. J. Waterworth on Second street at present.

ASK YOUR DOCTOR ABOUT THIS

The well equipped bath room is now one of the fundamental necessities of decent, healthful living.

If you have no bath room in your home, or if you are putting up with out-of-date plumbing, it means that you and your family are depriving yourselves of an economical convenience which most of your neighbors are enjoying.

Consider the matter from a standpoint of health. It will pay you to have a modern bathroom in your home.

Dream Lost.

To witness an execution denotes success in love; such a dream shows your sweetheart to be fickle and little calculated to make you happy. To see one or more men executed denotes great success in trade.

But His Love Lasts Longer.

The college professor who says that after a man is thirty years old he is guided by common sense in falling in love must have forgotten that there's no fool like an old fool.—Boston Transcript.

SIMCO SALVE FOR INFLUENZA, COUGHS, COLDS, PNEUMONIA

The Right Remedy for the Right Treatment at the Right Price

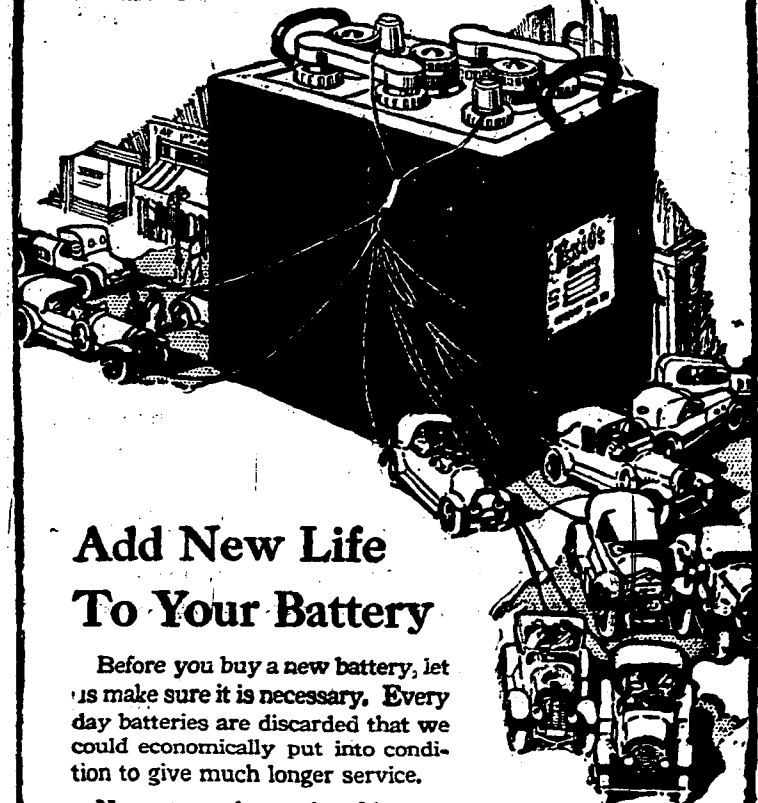

The new remedy SIMCO SALVE relieves these troubles by both application and inhalation, the only way to reach sore lungs both inside and out. Woodward McPherson is authorized by the manufacturers of SIMCO SALVE to guarantee it to quickly relieve or money back; that's fair enough, isn't it?

There are other remedies, of course, but what remedy compares with SIMCO SALVE, an active, antiseptic, soothing and healing application, which, at the same time it is applied to the throat and chest, gives off germ killing vapors that reach directly the inside of the lungs as well as penetrating through the skin from the outside? The best way to realize the supreme efficiency of SIMCO SALVE for these ailments is to compare it with any other.

er remedy in the world, at any price, and if you are not delighted with the results of using SIMCO SALVE according to directions, Woodward McPherson will give you your money back.

You can use SIMCO SALVE with a real pleasure; even children enjoy the soothing chest applications with the refreshing vapor they give off, and relief comes so quickly that it seems like magic; it works while they sleep and makes the little ones less liable to attack of a more serious germ disease. Get a jar at Woodward McPherson's today; the price is only 30c, 60c and \$1.00 per jar. If your drug list does not keep it, order from Woodward McPherson, Wholesale Drug Company, 1111 Broadway, New York City.

Exide BATTERIES

Add New Life To Your Battery

Before you buy a new battery, let us make sure it is necessary. Every day batteries are discarded that we could economically put into condition to give much longer service.

No matter what make of battery is in your car, we are equipped to repair it skillfully and at reasonable cost. It will be made to last as long as possible, until you are ready to replace it with an Exide—the long-life battery.

Invest a few minutes in a call.

ATLANTIC GASOLINE

Puts Pep in Your Motor

There's a new chapter in your experience with motor fuels ready to be written.

Go to the nearest Atlantic Pump and get a tankful of Atlantic Gasoline.

You'll know instantly, that it's still better Atlantic. You'll recognize its still greater superiority in the motor fuel field—on every point by which the quality of gasoline is judged.

You'll know by the way *this* "gas" takes the spark. By the snap and completeness of every explosion.

You'll feel the difference when you "step on it". You'll pick up and get away faster.

You can tell by the dynamic power at your command when there's a hill to climb. By the responsive "zing" of the motor when a burst of speed is required.

And you'll be completely convinced by the recorder's positive proof of *greater mileage!* You try it!

GIRLS! BLEACH SKIN
WHITE WITH LEMON

Squeeze the juice of two lemons
into a bottle containing three ounces
of Orchard White, which any drug
store will supply for a few cents,
shake well, and you have a quarter
pint of harmless and delightful
lemon bleach. Massage this sweetly
fragrant lotion into the face, neck,
arms and hands each day, then
shortly note the beauty and white-
ness of your skin.

Famous stage beauties use this
lemon lotion to bleach and bring
that soft, clear, rosy-white complex-
ion, also as a freckle, sunburn, and
tan bleach because it doesn't irri-
tate.

"EAST IS WEST"
PROVES BIG HIT

The interest aroused by the an-
nouncement of the coming presenta-
tion here by William Harris, Jr., of
"East is West" which comes to the
Driggs Theatre on Tuesday, May 3 is
very genuine. Few, if any, plays
presented since the beginning of this
century have been accorded so much
complimentary notice as has this the
first of the plays to have as its cen-
tral figure a Chinese girl. Since
"East is West" established itself so
firmly in the favor of discriminating
playgoers there have been several
other plays exploited along its lines
which has seemed to heighten the in-
terest in Mr. Harris' production.

The Mind.
There is nothing so elastic as the
human mind. Like inflated steam,
the more it is pressed the more it
rises to resist the pressure. The more
we are obliged to do the more we are
able to accomplish.—Tryon Edwards.

THE AMERICAN LEGION

(Copy for This Department Supplied by the American Legion News Service.)

ONE OF LEGION'S FOUNDERS

Walter H. A. Coleman, Adjutant London Post, No. 1, Organized Body in British Capital.

Although he is thousands of miles from National Headquarters, Walter H. A. Coleman, adjutant of London Post No. 1 of the American Legion, is in close touch with the entire Legion program. Mr. Coleman was one of the founders of the Legion at its first caucus in Paris and organized the post in the British capital.

Born in Philadelphia, Pa., Mr. Coleman was educated in private schools in that city and in New York. During his business experience in various departments of the Pennsylvania railroad, he lived in Philadelphia, New York City, Albany, N. Y., Indianapolis, Ind., and Bethlehem, Pa.

During the war Mr. Coleman served in the American Destroyer Flotilla, which had its base at Queenstown, Ireland. Since the war he has been connected with the United States Embassy in London.

London Post of the Legion took a leading part in decorating the graves of American soldiers buried in England Memorial Day, 1920.

HAS HUSTLING LABOR BUREAU

Nashville, Tenn., Post Tackles Hard Problem and Makes Most Efficient Showing.

In accordance with the general activity of American Legion posts in meeting the unemployment crisis as it affects the ex-service man, Nashville, Tenn., Post has tackled the situation with a considerable degree of Argonne enthusiasm.

An employment bureau has been established in charge of a Legion member, who devotes his full time to it. Both job applicants and employers seeking men are listed in a card index, according to their abilities and needs.

When a man applies at the Legion headquarters for a job, he is required to fill out a blank giving the following information: Name, address, place of birth, married or single; if he is an ex-service man, if he has dependents, special training and schools attended, with the extent of the education gained.

Trade test questions are: "Can you speak any foreign language?" "Do you understand card-index system?" "Can you operate a switchboard?" "Can you use a typewriter efficiently?" "Are you good at figures?" "Can you run an automobile or truck?"

Trades included in the list of job applicants for one day were electrician, druggist, salesman, accounting clerk, bookkeeper, draftsman, insurance salesman, machinist and mattress maker.

When the job seeker has filed his application, he is given a card to show that he has registered with the Legion bureau. When he is sent to an employer in response to a call, he is given a card of introduction stating that he is sent by the Legion bureau. His original application, together with the secretary's indorsement or estimate of the man, is forwarded to the prospective employer.

By arrangement with the negro post of the Legion, the employment bureau is able to answer calls for negro labor, applicants for work being listed with the negro secretary.

The work of the employment bureau is supported by funds available in the Legion treasury from a post show given last year. Another entertainment will be given soon to raise money for further operation of the bureau.

STATE JOBS FOR VETERANS

Chairman Woman's Auxiliary Committee of New York Assests World War Men Should Be Honored.

"If any class is favored in handing out state jobs it should be the veterans of the World War."

The speaker was Miss Ray C. Sawyer, chairman of the Women's Auxiliary Committee of the New York Department of the American Legion. Her audience was composed of members of the New York Assembly judiciary committee. Miss Sawyer spoke before the committee in behalf of a bill to give preference to veterans in civil service employment in New York. The bill was backed by the New York Legion organization.

Carbon, a Chemical Element, is one of the most abundant elements. It forms more compounds than any other of the elements. Its compounds are found in every plant and animal, and the basis of chemistry. With oxygen it forms carbonic oxide, or carbon monoxide, and carbonic acid gas, which hydrogen it forms an extensive class of compounds known as hydrocarbons, which differ widely in their chemical and physical characteristics. The various carbonates occur very abundantly in the earth's crust.

GLASS OF SALTS CLEARS KIDNEYS

If Your Back is Aching or Bladder Bothers, Drink Lots of Water and Eat Less Meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking and no doubt you will wonder what became of your kidney trouble and backache.

ELECTRICITY

is the best light known. Let us wire your home and you can enjoy all the comforts of modern times.

Humphrey Tile Cheaper Than Brick

Whenever you have a "backing up" job to be done, Humphrey Tile is your real salvation. It lays faster than brick, it lasts longer than brick, it is as strong as brick and you'll have the satisfaction that you're building as strong as the eternal hills.

E. M. Fullington's Sons

A pipe's a pal packed with P. A.!

Seven days out of every week you'll get real smoke joy and real smoke contentment—if you'll get close-up to a jimmy pipe! Buy one and know that for yourself! Packed with cool, delightful, fragrant Prince Albert, a pipe's the greatest treat, the happiest and most appetizing smokeslant you ever had handed out!

You can chum it with a pipe—and you will—once you know that Prince Albert is free from bite and parch! (Cut out by our exclusive patented process!) Why—every puff of P. A. makes you want two more; every puff hits the bullseye harder and truer than the last! You can't resist such delight!

And, you'll get the smokesurprise of your life when you roll up a cigarette with Prince Albert! Such enticing flavor you never did know! And, P. A. stays put because it's crimp cut—and it's a cinch to roll! You try it!

PRINCE ALBERT
the national joy smoke

Prince Albert is sold in every part of the world, and has been found to be the most palatable and healthful smoke ever known. A single pipe may contain far more tobacco than there are men on earth.
